designed for specail needs students

By Mr. Gary N. Mccloud

I have used this book as a Soaiel Studies teacher, not for my regular or advanced students, but for students requiring intervention. This is a simplified text and is not intended for more advanced students. It is good for what it is intended for, which is students who need help and therefore it is not over complicated for them. With higher achieving students more advanced text are used.

Teacher Edition

By Katherine Reamer

I found it lists stimulating activities for students who struggle with school work. A good resource for teacher's to find supplemental material.
