Unlock the Full Power of Your Android™ Smartphone or Tablet

Discover hundreds of tips and tricks you can use right away with your Android device to get more done, and have more fun.

You'll learn how to use your Android smartphone or tablet as a powerful communication, organization, and productivity tool as well as a feature-packed entertainment device. You will dig deep into the settings and capabilities of both Android itself and the preinstalled apps, developing the knowledge and skills to exploit them to the fullest.

Easy to understand and non-technical, Android Tips and Tricks is perfect for beginners—and for more experienced users ready to ramp up their productivity or move to newer devices. It covers all new and recent Android smartphones and tablets running Android 6 (Marshmallow) or Android 5 (Lollipop)—with bonus, in-depth coverage of Samsung's widely used TouchWiz skin.

Here's just a sampling of what this book's tips, tricks, and techniques will help you do:

- Connect to wireless and cellular networks, to keyboards and Bluetooth devices, and via VPNs
- Transform your device into a portable Wi-Fi hotspot, and share Internet connections via USB or Bluetooth
- Secure Android with screen and SIM locks, location settings, and encryption
- Sideload apps from any source and keep bad apps from loading
- Take Gmail to pro level with signatures, vacation responders, labels, archiving, advanced search, and secure two-step verification
- Manage multiple email accounts together: POP, IMAP, web mail, and Exchange
- Get more out of your Google Chrome browser, and share bookmarks across all your devices
- Chat via text, audio, or video on Google Hangouts—and customize it to work just the way you want
- Enjoy your music everywhere, whether it's stored locally or in the cloud
- Easily capture, edit, and share top-quality photos and videos
- Transform your smartphone or tablet into a total social networking hub
- Squeeze more battery life from your Android device

Simple easy to understand

By rlm

Simple easy to understand. Shows android 5 and 6. Although I wish I would have stayed with 5. It easier to control and add apps to added storage. But the book covers it all and gives warnings for actions you may take. I do not think I'll need another book. It answers all my questions.
