Praise for Disarm

“Scorching hot...fast [and] furious.”—MsRomanticReads

“Trust me...it definitely hooks you!”—Three Chicks and Their Books

“Hot romance...that swells your heart.”—The Book Whisperer

About the Author

June Gray is a daydreamer who, at the age of ten, penned a short story inspired by a Judy Blume novel and has been unable to stop writing since. She loves to tell stories that titillate and enrage, that break the reader’s heart and put it back together again.

Her fairy-tale life has been lived on four different continents—most recently, in a two-hundred-forty-year-old castle in rural Germany owned by a Graf. She was born in the Philippines, raised in Australia, and now calls the United States home, and she can currently be found enjoying the shores of Miami with her husband, two daughters, and a miniature schnauzer.

She is the author of Disarm.

ARREST (DISARM) BY JUNE GRAY PDF

Life begins at happily ever after...

For Elsie and Henry, getting married and buying a house is only the beginning of their passionate new adventure. Elsie is flourishing in her job while Henry embarks on a new career as a police officer. Everything, it seems, has finally fallen into place.

Just when it's all smooth sailing, they face life-altering changes that make Elsie question her ability to adapt. With Henry's job putting him in constant danger, she watches helplessly while he slips back into his old habits. Elsie must find a way—through any means necessary—to prevent the past from repeating.

With the sand constantly shifting underfoot, Elsie and Henry have to figure out how to strengthen their bond—before they end up losing what matters most...

In pursuit of the happily ever after...

By Christina

Complimentary copy provided by the author in exchange for an honest review.

Arrest essentially picks up where Disarm leaves off. Henry is about to finish up his training at the police academy and Elsie is finding success in her new position. Things are good for a while until the pressures of their jobs and the day-to-day reality of living with each other begin to take their toll.

As if dealing with Henry's new career in law enforcement wasn't enough, Elsie has to deal with a boss (Conor) that is obviously into her, and not quite willing to back off. When Henry becomes wrapped up in his career and is unwilling to share with Elsie the things that are bothering him, Conor's attention become a source of comfort. Henry's lack of communication and the temptation he faces from other women at every turn may lead Elsie into the arms of another man.

Henry, like many other new recruits, feel it is his job to save the world from all who threaten it, even at the expense of his sanity and marriage. Once again he is internalizing all of the wrongs of the world he cannot fix, yet is unwilling to burden Elsie with his problems, much less seek counseling to help him get through it. Will it take nearly losing everything important to him for Henry to finally understand that Elsie has reached her breaking point and can no longer continue on their current path? Will Elsie ever truly be able to trust Henry?

Law enforcement is a career many prior military gravitate to because there are so many similarities between the two. As civilians, we understand the military life a bit more because the danger service members face is a little more removed from our everyday lives. Deployments often take them thousands of miles from home, so there is a bit of an "out of sight, out of mind" factor involved. The separation of deployment we understand (or think we do) yet with law enforcement officers or fire fighters, they face danger in their own backyards. They are away from their families for long periods of time as well and their family lives suffer for it. No, it's not months, but in a lot of ways, it's almost worse to be so close to your family, yet not able to be a part of their lives because of what the job entails. Ms. Gray obviously has done her homework when it comes to understanding the toll the career can have on a family.

While Disarm left us with a feeling of a "happy for now" ending, Arrest gives us a sense that finally, Henry and Elsie are going to get their "happily ever after". Their story has come full circle, and the ending is very cathartic, especially given the amount of emotional turmoil we have felt over the past two books. It feels like the hard work has paid off, and now they are free to reap the benefits of that work.

Arrest is another five star novel. It is well written and once again the characters are well developed and their pain, heartbreak, and joy are all very tangible. It was riveting from cover to cover and was another emotional roller coaster ride. Once again the love between Henry and Elsie is evident and very much real. We delve even further into their relationship and learn more about how their pasts have influenced their present, as well as their futures. I also loved that we learn more about Julie and her past with Jason and I love the familial relationship and friendship that is blooming between Julie and Elsie. I'm definitely looking forward to the next book, Surrender, when we will learn even more about Julie and Jason.

Talk Supe Reviews: Definite Must Read

By Braine @ Talk Supe

My heart! MY HEART! My poor heart went through a stiff beating from June Gray's ARREST. As if things in Disarm aren't enough, what I hoped was a smooth sailing HEA between Henry and Elsie was too much to hope for. This couple had many many things they had to work on before they even get to that blissful place we all imagine married book couples have. Old demons coming back to the surface, babies, job situations, miscommunication, pride, stragglers and a bunch of other stuff that throws a wrench on all of our perceived notions about happily ever after.

The best part about ARREST is how believable Henry and Elise's story is. It's not glossed over nor is it exaggerated. Theirs is a story that could happen to anybody and I'm sure that a lot of us can relate to their struggles one way or the other. Henry, to begin with, is already a fragile and vulnerable person. His childhood was rough and going to war certainly didn't help his disposition. Joining the [police] force is masochistic IMO because the cases he worked on dredged up a smorgasbord of issues, I'm surprised Elsie still managed keep it together for them.

The thing is, Henry carried some of his demons in his marriage to Elise so you can only imagine how trying that can be for Elsie. Now Elsie's a good gal but she's no martyr so she's reached her limit once or twice and I loved how she basically gave Henry the finger, cuing him to get his shiznit together or she's OUT! Girl's got some balls and I loved her for it! Henry sure irritated me a bit, I mean stop with the antics already! You got a great girl, apply what you've learned in therapy, man and make. It. Work!

The series is also mildly erotic and for someone who is so wary of sexed up novels, JGray sure has her own style of making intimacy not just erotic but emotionally sweeping too. Every sex scene between Henry and Elsie is a revelation of some sort and it's not just a physical expression of their love, frustration and sometimes even anger at each other. It's beyond sex, ALWAYS, a true depiction of "making love" if you get my drift.

I can't express how fiercely I love Disarm and now ARREST. I'm not a big fan of angsty tales and I sure hate emo characters but for some reason I loved Henry and Elsie. I believed in their love, their struggles are very real and even on those moments where they're acting childish and petty, I understood where those emotions are coming from. I rooted for these two like a rabid sports fan! Disarm and ARREST to me is the epitome of contemporary romance and a definite must-read.

A SWOON-WORTHY SEQUEL THAT WILL HOLD YOU PRISONER

By Kim R.

This sequel to DISARM has been on my TBR list for a while, and let me be perfectly clear: ARREST was well worth the wait! I really didn't expect the sequel to top the first novel in the series, but for some reason I was even more riveted this time around. Perhaps it's because I was already so invested in Elsie and Henry as a couple from DISARM, but I was literally swooning with delight from page one and felt so deeply for these characters! So much so that I had to literally force myself to put the novel down to tend to "real life." (Always a good sign). I've never read a "marriage in crisis" story quite like this before, but this book has all the qualities I look for in a satisfying, emotionally-charged romance novel--endearingly flawed couple who have an intense connection and share a rich history, and a well-developed storyline chock full of drama, turmoil, romantic angst and sizzling sexual encounters. June's dialogue is punchy and true-to-life, and her romantic narrative is simply stellar--it's fueled with emotion and teeming with complexity and depth, and she masterfully infuses her prose with beautiful, descriptive language to engage the reader's senses, heighten the emotion/sensuality, and bring her characters to full, vibrant life!

There is a level of realism to this author's writing that is refreshingly unique, and her characters are simply unforgettable. Elsie is strong and independent, yet sweet and vulnerable at the same time, and she loves her chivalrous, long-suffering husband with every aching breath she takes. As for Henry, he is a hot, sexy, tortured Alpha hero--an ex-military man-turned rookie cop--who will capture the reader's heart...and then shatter it into a million tiny pieces. I rooted for these beleaguered newlyweds every second of the way, and these characters sure do seem to face some insurmountable odds before they finally get their HEA! But it's certainly not all doom and gloom in this book. June balances out the darker elements with plenty of flirtatious fun, sweetness and hot, erotic sex.

Bottom line: This second installment in the Disarm series is outstanding, and not to be missed. June is a very skilled, evocative storyteller and obviously has a very bright career ahead of her... She has set the bar very high with this book, but I look forward to reading SURRENDER, the next book in her DISARM series, at my earliest opportunity!
