# BEAUTIFULLY SMALL: CLEVER IDEAS FOR COMPACT SPACES BY SARA EMSLIE PDF

In Chapter 1: Inspiration, Sara draws inspiration from truly tiny spaces such as boats and caravans as well as her own home—a diminutive workman's cottage in a London suburb. In Chapter 2: Elements of Design, she discusses how even the most straightforward planning decisions can be complicated by the constraints of small spaces and suggests clever design solutions. The third chapter, Elements of Style, explores ideas for making compact interiors work through the use of creative styling and decoration. In Chapter 4, a series of case studies takes a closer look at imaginative treatments for pocket-size interiors, showcasing a variety of tiny spaces including a terraced "two-up, two-down" worker's cottage, a tiny studio apartment with a clever mezzanine that incorporates a bathroom, and a pint-sized coastal hideaway.

For those who like modern/minimalist decor

By Nancy Swing

I bought this book because of a review in a shelter magazine. What they failed to mention is that the photos feature modern and even minimalist decor. What about ideas for those of us who'd like to live in something a bit more cozy than a black and white interior with lots of boxes piled up for storage??? So if you're like me and looking for solutions for more traditional decor, this book may not be for you. There're ideas here, but folks like us have to do the work to figure out how to adapt them to our lifestyle.

Sara Emslie brings an abundance of clever design solutions to ...

By Jupinion

Sara Emslie brings an abundance of clever design solutions to the reader who dwells in a smaller abode. No matter how tiny your home, this book will teach you how to add more function and a more expansive feel to the most modest home. Thank's Sara, for all the possibilities you have sparked.

4 of 4 people found the following review helpful.

OK, but nothing I couldn't have found on google in 10 minutes.

By Lara J. Henry

It's a nice enough looking book for a coffee table or shelf, but the contents are already dated and not very unique. I bought it as part of a housewarming gift for a friend; she glanced at it for about 30 seconds and then set it down and I doubt she picked it up again. It can't compete with a quick internet search for finding interesting ideas on small space design.
