Great resource for tour guides!

By KMB13

Joemy Wilson has written a wonderful resource for tour guides. Her short book is filled with the characteristics needed by guides who want to give the best experience possible to the travelers they assist.

As the author points out, it is often the best guides who have been guiding for many years that fall into traps and make mistakes that spoil the travelers' experiences. Because of that, this book, which is appropriate for both new guides and the very experienced ones - and for tour directors as well, serves to remind those of us in the guide business just how to make sure that our guests have the trip of a lifetime!

Highly recommended.
