This book is recommended by my teacher

By William Siu

This book is recommended by my teacher. It is a very useful book for everyone who study marine engineering even though it is an old book. I am now an engine cadet and I will bring this book on board.

so marine engines are fun but not so relevant

By Daniel Ruppel

I was looking for something on truck, construction engines, so marine engines are fun but not so relevant.

0 of 0 people found the following review helpful.

Happy Man.

By J.Ward

It shipped on time, and was in the condition they described. It was very well priced for the condition it is in. All around pleased.
