From the Publisher

I'll never forget the incredible coincidence that this book was originally published the month THE KING passed (allegedly). I was working in a bookstore, before I worked at Ballantine, but this tale spun by Red West was the first insider glimpses we had that something was really amiss at Graceland. A classic! Mark Bloomfield, Ballantine Sales

From the Inside Flap

A devoted son. A generous friend. A model Army recruit. A gifted entertainer. A beloved hero to millions. This is the Elvis Presly the world knew -- and cherished.

Brooding. Violent. Obsessed with death. Strung out. Sexually driven. This is the other side of Elvis -- according to the three men who lived with him through it all -- a man who:

- * Chamed a beautiful young fan into joining him on a drug binge for two that nearly killed her
- * Took a group of friends on a 3 A.M. visit to a mortuary to look at corpses and talk about embalming
- * Hurled a pool cue at a party guest who interrupts his game, injuring her breast
- * Talked with his bodyguard about a "hit" on the man he felt stole his wife

Steve Dunleavy has woven together the experiences of three Presley bodyguards who were there partying with him, womanizing with him, worrying with him -- tasting the pleasure and the pains of life with the most fabulous star in showbiz history!

Download: ELVIS: WHAT HAPPENED? BY STEVE DUNLEAVY PDF

Having just read 35 Elvis books...

By Passin' Through

I just spent a month reading 35 books on Elvis for yet another book. Also, i interviewed 10 people I've previously met who knew him inside Graceland. I selected reads by those who knew him, and only a couple of other titles. You will find that most of the general biographies draw from & cite the personal autobiographies & biographies of E written by the Memphis Mafia, the musicians, lovers, friends, and an assortment of Graceland workers. In my opinion, the most useful books on Elvis are by Jerry Schilling, Billy Stanley, Dr. Nichopoulos, Larry Gellar, and the title 'Elvis Aron Presley' by Lacker, Smith & Fike. Also, this book being reviewed 'Elvis what Happened' gives an insiders' look but it is so pitifully arranged and slanted as to leave the intelligent reader wondering if the author had any scruples. Do read this book, but don't finish and even think you know Elvis. Read it in combination w/ some other by those who knew him. This particular title was written in a rash of anger, from the first to last page.

SO MUCH THEY DID NOT KNOW....

By SASunshine

It is interesting to read this book, because compared to the books out now about

Elvis - there was so much they did not even know!! Elvis must be rolling over in his grave at how much there is out there about him now. Elvis could have never kept the things he was doing quiet in today's world. I do hope they had his best interest at heart when they wrote this...I can see how they might feel it would shock him into straightening up...however, I wonder if it may not have caused his death...I still believe he committed suicide...that book came out just that week he died, he was just a day away from going on tour...it all seems too coincidental.

But, this book is a complete waste of time compared to the books out today. I wanted it as a "collector's item".

The True? Story of Elvis

By Ayesha

When this book came out soon before Elvis died, it had created an uproar. I didn't purchase or read it at all back then; I'd only heard about what was in it and felt it must have been sour grapes on the parts of those who wrote it. But in the years since Elvis' death, there have been many books written and other testaments to Elvis' personality and the effect that his drug abuse had on his mind/personality and the toll that it had taken on his body. So, this book is no longer the sensation that it had been back in the day. Still...there were some things about Elvis that I realized for the first time not only from reading this book, but also from having read other books about Elvis' life.

Elvis came to stardom the year that I was born, yet his impact had been felt for generations. I suppose the Colonel had done a great job in protecting that image. I believe, if even subliminally, I - like so many other women of that generation - had put Elvis on a pedestal that most men could never attain. He was simply the ideal. Initially, it came as a shock that Elvis cheated on his wife and that he took drugs...but there was yet another side to Elvis that I didn't fully realize until I'd read this book... Elvis was a child - a man-child, if you will, who never grew up because he didn't have to. Everyone else did everything for him; when he stepped out of line, someone(s) was there to "smooth things over;" he never had to personally answer for anything; he displayed terrible tantrums when things didn't go his way; he was often unthinkingly cruel which, I think, may have had a lot to do with his drug addiction.

With that said, it's difficult not to feel sympathy for him. I'm sure many of his fans and maybe even his loved ones thought over the years that "if only we had done that" or "if only the Colonel would have allowed him

to do this..." He was, after all, human; no different and no better than the rest of us. The moral of the story is: pedestals aren't made for human beings.

While it's true that for me, personally, Elvis will never be on the pedestal that he one was, his image will live on and that image will remain on the pedestal.
