HANGUL TODAY! MASTERING HANGUL WORKBOOK BY LAYUN CHOI PDF

There are 14 basic consonants and 10 basic vowels in Korean Hangul.

With these basic vowels and consonants, 5 additional double consonants and 11 additional vowels can be created. Knowing Korean alphabets and their sound is a very important step in learning Korean because you will apply these alphabets to your reading, writing, speaking and listening. Hangul helps you speak the sounds and recognize sounds when you listen. This book has comprehensive explanations of Hangul system and practice workbook section. The workbook section includes learning vowels, consonants and final consonants, constructing syllables, reading, writing Korean vocabulary, recognizing sound difference and pronunciation of words. This book will help you to learn Hangul and build basic foundation in learning Korean.

This is ?? (daebak)!

By Dantae

I originally bought one of these workbooks to go along with all the many others I purchased to learn Hangul. This one was by far the best. It's phrased and worded just so, easily understandable, and the directions are simple. This is the best way for someone to learn and/or practice Hangul. I even purchased to more later in the year to tutor my sisters in Hangul! Would highly recommend.

5 of 5 people found the following review helpful.

Love it!

By Amazon Customer

Amazing study guide. I was able to better my Hangul in a short time, I still have a long way to go but, this has really helped.
