LOVE AND WAR IN THE WRNS BY VICKY UNWIN PDF

Sheila Mills came from a sheltered middle class upbringing before she joined the WRNS in 1940. The working life of a women's naval officer in World War II was a hard one. The discipline and trials of living and working as a "Wren" plunged her head first into a life of bed bugs, last minute travel, secrecy, and huge responsibility. But while Sheila met with hard and exciting work during one of the world's most dangerous conflicts, she also found love, friendship, fun, and the human spirit. Her fascinating encounters, assignments, events, and, of course, the many loves she found and lost, are all seen through her eyes in this lively collection of letters home. A unique insight into the coming of age of a young girl in the 1940s, Sheila's letters will have readers laughing—and crying—at the extraordinary life of a young girl who traveled all over the world and witnessed key events in the war.

look no further than LOVE AND WAR IN THE WRNS

By Bonnie Fogel

If one wanted further proof that it's a dreadful shame that people don't write letters anymore, look no further than LOVE AND WAR IN THE WRNS, by Vicky Unwin which details to a fare-thee-well Sheila Mill's War (WW2 that is). It is the perspective of a very young girl, 18, and takes the reader on the illuminating journey of an innocent girl enjoying being away from home and having a bit of an adventure with lots of opportunities for amorous encounters to a deeply engaged and thoughtful young woman who considers herself privileged to support the war effort in far flung places. Her perspective, one that we don't often get, is unique and paints a picture of a time and place that is our history. Vicky Unwin masterfully edits her mother's letters and interlaces "the rest of the story" that Sheila couldn't tell due to the need for secrecy. An excellent and enlightening read.

By H K Goldwater

Although the focus of this book is on Unwin's Mother's letters home during her service in WWII, and doesn't follow the history all around her in detail, you get a strange insight into what life must have been like. There's something very normal and matter of fact about her requests for a particular dress or coat from home, and her slight obsession with her romantic life! There's an understandable avoidance of disclosing Allied manoeuvres. But all the while you can sense and feel the turmoil somewhere...elsewhere. A moving and fascinating book!
