Review

“From the first moment I looked up from a page Nick Flynn had written on, I was a goner: I wasn't where I used to be; I went somewhere with him, into consciousness itself, into time, into a story so shattered that only poetry could begin to tell it. Here he is again, writing as if his life depends on it, using every trick he can find to carve the tunnel through the mountain. Words are what he uses; silence is the sound they make. Nick Flynn keeps resuscitating himself, and in doing so he refreshes and reaffirms the personal lyric as a crucial and necessary art. I read Nick Flynn's poetry to feel alive.” ?Marie Howe

“Each word is a lit match, a thrown stone, a howling blast, a choking torrent. Flynn has forged daringly intimate and clarion poems of conscience.” ?Booklist on Nick Flynn

“[Flynn's] books of poetry--Some Ether, Blind Huber, The Captain Asks for a Show of Hands--all ask difficult questions and leave us with a beautiful acceptance that there is often no answer at all, that our memories arrange things in ways that may or may not offer closure. There is something about his work that allows us to exhale, to sit in our own messes and be okay.” ?Rumpus on Nick Flynn

A daring and intimate new book by the poet and memoirist Nick Flynn, "a champion of contemporary American poetry" (Newpages)

. . . the take from his bank jobs, all of it

will come to me, if I can just get him to draw me
a map, if I can find the tree, if I can find

the shovel. And the house, the mansion he
grew up in, soon a lawyer will pass

a key across a walnut desk, but even this
lawyer will not be able to tell me where this

mansion is.

?from "Kafka"

In *My Feelings*, Nick Flynn makes no claims on anyone else's. These poems inhabit a continually shifting sense of selfhood, in the attempt to contain quicksilver realms of emotional energy?from grief and panic to gratitude and understanding.

Multivocal and yet intimate

By C. D. Varn

Nick Flynn's "My Feeling: Poems" dwells into the his personal feelings of loss and tragedy but often undercutting this with absurdist or sardonic imaginary or commentary. Flynn's consciousness inhabited in the poems seem to speak in many voices, often almost at odds with each other. This book does feel more stream of consciousness and intimate than some of Flynn's earlier works but that does give the poets a vitality that stems from a feeling of being invited into someone's personal world. Flynn's use of form, and particularly repetition, is strong here yet the artifice does not necessarily call attention to itself. A very strong work.

A new sort of Flynn here?

By Mark Twain Jr. Jr. Jr.

I'm not going to deny that I am in fact a Nick Flynn fan. From Suck City to Some Ether I've read it all and out of all of his poetry; this is slowly getting to be my favorite collection of his poems.

Why? Because of the Wild risks he has been making on the page. From a Cento to some rather experimental forms of verse, I feel as if these are just something so very new. And topic wise, we have a nice balance of that direct and topical poems to those poetic works that have been more so veiled in subtext and or the metaphor.

Go ahead and get a copy and tell me if I am right?

By Denise Weuve

At first I thought, "Nick Flynn are you kidding me? Did you really title a book of poetry 'My Feellings'? Oh that is just awful." And after reading I will say that the title is honest but this is no 16 year old diary. As always the imagery is startling and fresh, and the skill is enviable.
