## Review

"Expect solid writing, likable characters, plausible fun plots, slick descriptions and wonderful romance."

-Lisa Swinton, author of *Vocal Crush* and *Ring on Her Finger*

"A wonderful, clean, romantic, funny, sometimes scary, and very enjoyable read."

-Lindsay Malouf, author of *Black Eyes*, *Blue Ocean* and *Witness*

"Heart-melting romance."

-Liz Stone, reader

"Lindzee Armstrong knocks it out of the park again! Fun and entertaining, yet clean."

-Bre Ahrens, reader

## About the Author

Lindzee Armstrong met her match while attending the local university, although she was technically in high school at the time. She and Mr. Armstrong became engaged quickly, and fell in love even quicker. He wasn't a high school student, but still thoughtfully offered to take her to prom in her wedding dress. She declined. Wearing the wedding dress before the Big Day just seemed weird. A few years after getting married, they welcomed twin boys into the world.

Lindzee loves chick flicks, ice cream, and chocolate, like any true romantic. She believes in sigh-worthy kisses and happily ever afters.

Andi doesn't believe in matchmaking. But when her best friend buys her a subscription to Toujour, a professional matchmaking service, she agrees to give it a try. She's matched with a celebrity client, but he can't make her heart flutter or her limbs turn to mush the way Ben, her best friend's brother, can with a simple smile. When Ben's fiancée calls off their wedding—for the third time—he flees to Los Angeles, desperate for a new beginning. He moves in across the hall from Andi, his high school ballroom dance partner and his sister's best friend. Despite nursing a broken heart, his long-forgotten crush flares to life. He's just beginning to believe he can move past his breakup, and maybe even ask Andi out, when his ex-fiancée shows up on New Year's Eve, determined to win him back. Dating the wrong people has convinced both Ben and Andi that what they really want is each other. All that's standing in their way is a fake boyfriend, a jealous ex-fiancée, and being afraid to risk their hearts.

Another fun book in this series.

By C.Stastny Books

This is Andi's story (from Meet your Match). She's a side character in that one who has a few dates with Luke Ryder and they seem to hit it off. In this one, you get the full story on her, and I really enjoyed it. Andi reconnects with her old high school dance partner, Ben, when he breaks up with his fiancé and moves to LA to get a new start. She's six months out from an ugly break up as well and doesn't want to date again. But Ben gets under her skin. She can't decide if she wants to risk her heart again, especially when his ex-fiance moves to LA with the sole purpose of getting him back again. Another great book by Lindzey Armstrong.

Loved it!

By M

I read the audio version so here is what I thought of it...

This is the third book I have read in this series and I absolutely loved it, even though I was a little bummed in the beginning because I crashed off my Luke and Brooke high. But once I got into Andi's story, I enjoyed every minute. And it amazed me how, in the parts that overlapped Miss Match, I was still affected so much when certain things happened. It takes talent to still affect someone when you have already told a story once from another person's point of view. I enjoyed also how the narrator tried to change the voices so you could tell when someone different was speaking. It makes you feel like you are right there instead of listening to someone read. Great job to both Lindzee and Tiffany!

Wowza

By Kindle Customer

I previously read Brooke and Luke's story, which made me long for the story behind the confident Andie. Turns out she's just like the rest of us, longing to be loved and afraid to hope. It was interesting to compare those significant events in Brooke's story, how fraught with emotion they were, with how almost mundane they were to Andie's situation, which is how real life tends to go. And poor Ben. Really wanted to shake that guy almost as often as I wanted to hug him. Not everything was resolved, which I also liked, but the main characters got their HEA. Now, is there a story for Elle?
