I Wish They Released These Scrapbooks For All Of S Club's Shows

By Jessica

S Club 7 In Miami's Official Scrapbook is definitely a gem. I was expecting to receive the book and see pictures and information about the show that I already knew. However, this book has tons and tons of pictures that I've never seen before! There's at least four pages simply devoted to pictures of the show in a really cute scrapbook style. Also, there are two pages devoted to each S Club 7 member telling a little bit about them. There's a couple of other pages that talk about the show's episodes and their summaries, what songs are performed on what episode, etc. All in all, this was an excellent buy and I only wish S Club's three other TV series were scrapbooked like this! I recommend this to anyone who loves S Club or their series Miami 7.

Great scrapbook

By lbchick5

This is a really good book. It has 2 giant posters of S Club, behind the scenes of Miami 7 pictures, a guide to each member containing facts and a full biography page. In each 'Beginners Guide' there is a picture of a S Clubber. It also includes the story guide of the Miami series, along with many other posters it has quotes from the series, the S Club 7 lingo, it also has a whole other page of 25 facts, and a page of 'Classic Moments'. This book is loaded with information and pictures! Go and buy it.

I loved this!

By Ringo

Although this book doesn't really have that much info on the band, it has billions of pictures. There are several fold-out posters, lots of collages, and an episode guide, too.

Even though it's a bit old, every S Club fan should own this!
