STRAIGHT UP: THE REAL ME IN MY OWN WORDS BY DANNY DYER PDF

In a notoriously difficult industry, Danny Dyer has carved out a niche that has seen him become one of the most recognizable, distinctive, and popular actors of his generation. But it hasn't all been a walk in the park. Growing up in Canning Town, East London, through the eighties, was no picnic. He had trouble at home and more at school. It wasn't until he started acting, and discovered a talent for it, that he realized there was a way out and up. He found early success in Prime Suspect and stealing the show in the cult film Human Traffic. But then, inevitably, the ups were followed by the downs and he found himself shut outside of an industry that didn't understand him, that heard his cockney accent before bothering with his talent. But the more he was rejected, the harder his will became, and the greater the drive to overcome. This is a fascinating, illuminating story of a cockney geezer made good. Funny, honest, intimate and choc-a-bloc full of Danny's antics and anecdotes, this memoir tears it up proper nice and delivers on every page.

Fantastic Read

By Katie

This is one of the best autobiographies I have ever read. Danny Dyer tells you exactly how it is and sugarcoats absolutely nothing. It also helps that he is hilarious. I was a bit sad that it doesn't go all the way up to his filming of Malice In Wonderland, but everything he talks about is eye opening and interesting. He goes into so much detail that it makes you wonder if there is anything he left out of this book. It's refreshing

when someone of his status is willing to share the amount he did to anyone willing to read about it. It was an interesting, easy read and I would recommend this to anyone who would like to glimpse into the life of such a talented and driven person.

Very good!

By venetian lair

Being a big fan of Danny Dyer, and also being aware of the opinion he garners from certain sectors, I was interested to read this; perhaps to try to understand the doubters who give him bad press, and to see if I have been wrong about him all these years, and also because I just like him...

Well, having read it, I can say that I am proud of my initial instincts. This was really good, insightful and funny. You are a good, honest bloke Danny, and this book was great.

Still a fan and still enjoy everything you do!

Cheers!

a good read- down to earth & to the point 10/10

By Ms. S. L. Walls

I bought this book for my other half for christmas, who loved the book. Danny Dyer was to the point and did not mince his words in telling you about his life. It was read within 2 days of opening, and has now been passed onto my brother-in-law to have a read, highly recommended for any Danny Dyer fan.
