Cade Williams was just an ordinary cop until the night a fallen angel nearly killed him. Now he commands the Echo Team, a special ops squad of modern Templar knights, and the things they hunt are far darker and much deadlier than the criminals that he used to face...

This special omnibus edition contains books 4-6 in the internationally best-selling Templar Chronicles series:

INFERNAL GAMES - The war with the Chiang Shih is over but the Templars have paid a high price for victory. Even the Echo Team has not escaped unscathed, its commander returned a changed man with his thirst for vengeance quenched, but his spirit broken. It is the moment Simon Logan, the Necromancer has been waiting for. A daring prison break allows him to escape Templar control and vanish into the night. Newly promoted Captain Riley and the reformed Echo Team are given the job of tracking him down. The war with the Chiang Shih is over but the Templars have paid a high price for victory. JUDGMENT DAY - Cade Williams' worst nightmare has come true. The Necromancer's black magick has not only released the Adversary from the infernal realms where Cade imprisoned it, but allowed the fallen angel to possess the body of Cade's beloved wife, Gabrielle. When the Templars interrupt the ritual and kill the Necromancer, the Adversary sprouts wings and escapes into the darkness. Now it's up to Cade to hunt her down...

FALL OF NIGHT - At long last former Knight Commander Cade Williams has defeated the Adversary, but his victory has come at a terrible cost. His wife, Gabrielle, is no more. His reputation lies in tatters, his trust in others broken. His closest friends and allies are now at risk from the very Order they pledged their lives to maintain. If it could go wrong, it has. Cade thinks it is over. Cade is wrong.

Great read

By K. Neff

This is the second trilogy for the Heretic series and a definite must read. Cade and his Templars are in the fight of their lives and for our lives, although we don't know it and they don't disappoint. In my opinion, this is the greatest series of Templar fantasy around. Joe Nasisse is one of the best writers for that genre'. Once you get involved in this series it is hard to put down and waiting for Joe to write the next book is hard but so worth the wait.

Super Series great deal

By william m knox

Second box set on the Templars series. I've read them all and they just keep getting better and better. Waiting for more after completing book 6 and the plot twist near the end. It's a really great buy for both box sets right now. Dive head long into a world of good verses really evil and what it takes to protect us from these dark forces

Good story, horrible editing

By Don T.

The stories and the writing are good, but these editions are absolutely riddled with typos, writing mistakes, and continuity errors. What ever happened to proof reading and editors?
