Gr 8 Up—On their first mission for the Portland County Search and Rescue team, Alexis, Nick, and Ruby don't find the missing man with autism they were looking for; instead they find the dead body of a young girl. Now these three teens from very different backgrounds must work together to find the killer. Complicating the issue is Alexis's mentally ill mother, who disappears after a paranoid episode, Nick's crushing feelings of inadequacy, and Ruby's struggles to find a place she belongs. Will they be able to find common ground with one another before the killer strikes again, maybe even at one of their own? Henry realistically portrays these three kids thrust into a real-life horror. Their doubts and fears, as well as their strengths, all ring true and teens will be able to identify with one of the protagonists. The adult characters, especially Alexis's mother, are also fully developed, albeit a bit slow on the uptake in the case of Ruby's parents. The actual mystery is not that intriguing, but a pervading sense of threat and danger is present throughout. Give this series opener to fans of character-driven mysteries.—Erik Knapp, Davis Library, Plano, TX

Highly Recommended

By E. Simon

I have followed April Henry's novels since the first charming title, "Circles of Confusion." She has developed considerable polish and professionalism over her many writing outputs. I thoroughly enjoyed this title. The subject matter was common enough--serial killing of young women--but the novel was unique in several ways. The characters are primarily teens who participate in the Search and Rescue teams serving the greater Portland area. Each of the teens portrayed is facing her or his own problems, and these are presented with understanding and compassion. They approach their challenges proactively and with some insight to their own motivations and drives. The novel also guides us to challenge our own prejudices about homeless people and the difficulties they face subsisting in an urban environment. I found the book easy to read and understand but not simple in its subject matter or execution. I recommend it highly.

I always like a mystery where one learns a new aspect of police work and in this case the story involves teens assisting in doing some of the legwork for Portland, Oregon police after during a training session for young volunteers, two teens stumble on a the body of a young woman. Step by step you experience what a group of three teens,a boy and two girls, go through helping in the investigation.
