## About the Author

Although as of press time, Carrie Denny had not yet planned her own wedding, she's been in the biz for years as editor of Philadelphia magazine's bridal publication, Philadelphia Wedding. She has fielded questions from brides about whether they can "forget" to invite their super-pretty best friend because they think she might show them up on the big day (no); whether it's OK for a bride to blow as much of her budget on a personal trainer as she did on the Dress, just to make sure she looked that good in it (yes); and whether it's really that bad if a bride-to-be changes her entire registry when her groom's not looking (maybe). She's spent years as a walking, breathing wedding encyclopedia for her friends, on-call during their engagements like an OB during the ninth month. And yes, when her boyfriend finally cracks, she will be the calmest, coolest, most logical, rational, and non-Bridezilla bride to ever plan a wedding. She lives in Center City, Philadelphia.

So helpful - Even the fiance loves it!

By Aleah1015

After reading the other reviews, I got this to help me plan my wedding (the humor was a huge sell for me - Keeping the wedding planning fun and low-stress is key!). The inserts and planning forms are so helpful and really help keep me organized, all the while being reassuring.

The best part -- My fiance got a hold of the book one day and couldn't put it down!! He's read through more than I have, and really thought the advice was helpful. I ended up buying him the companion "Groom's Instruction Manual" too. :)

It's succinct, informative, and witty...I'd recommend for any bride!

Engagement gift idea

By Amazon Customer

Bought this along with the Groom & Newlywed manuals as a gift for my sister. Read them myself before I give them to her and I would have liked the Bride manual myself when I was engaged. It has some handy hints & tips as well as sensible advice on how to deal with certain situations.
