Unforgettable!

By Amazon Customer

I loved the first 7 books because as in life, things don't always go as planned. But when I read The Bridge to a Better Life, Natalie and Blake had a much harder time getting together again. When he moved to Dare Valley to be close and let her know how much he loved her, I had tears streaming down my face. Then when it looked good for them, something else came up and I cried again. And again when she told him to leave and he went back to Denver. Finally, everything worked out for Blake and Natalie, her mom. I know things will work out for Andy and Lucy too. It is one of the most touching books I've read. I personally love Dare Valley because I lived in Denver for 40 years and reading about areas, restaurants, etc. that I recognized brought a lot of good memories to mind.

Thank you for sharing your talent. The Dare Valley Series are the first books I have read of yours and I will read your other series. Karrin

Second chances

By Douglas

Grief does not affect each person the same way. This is a story regarding grief and the ravages it can have on a marriage. The simple truth is that love never stops and with support and sacrifice anything can be achieved. Well written.
