THE CASE OF THE SHOPLIFTER'S SHOE (PERRY MASON) BY ERLE STANLEY GARDNER PDF

After her well-to-do Aunt Sarah is caught shoplifting, Virginia Trent is convinced she needs to seek psychiatric help for kleptomania. So why does Virginia turn to legal eagle Perry Mason? Because a cache of valuable diamonds left in Sarah's care has suddenly vanished into thin air.

Virginia thinks Sarah swiped the stones, but gem dealer Austin Cullens begs to differ. In fact, he's prepared to forgive and forget until he is mysteriously murdered and Sarah is caught running from the crime scene. Now it appears the lady with the sticky fingers may have blood on her hands.

Shoplifting Old Lady

By A Customer

Very well-plotted mystery entangled with two murders and two guns. Events occurred one after another from the beginning to the end and I never got bored. Mrs. Breel, the shoplifting old lady, was the most peculiar of all Mason's clients; her attitude was as cold as a cucumber but what she really did were highly irrational. I wouldn't say I liked her, but anyway she was very impressive.

A Masterful Mason Mystery

By A Customer

Erle Stanley Gardner's *THE SHOPLIFTER'S SHOE* is vintage Perry Mason, published in the 30s when

Gardner was at the height of his powers. This is a complex tale of sinister gem thieves, blood-stained shoes, phantom bullets, and a double murder. Of course, the most obviously innocent person is immediately determined by the police to be guilty and that propels Perry into action. Perry is more hard-boiled in this story than he is in the 50s and 60s. I don't think audiences were intended to LIKE him as much as we are meant to later in the series. His treatment of Paul Drake (his detective friend who gives constant assistance), for example, is a little more gruff in this tale. And Perry has no time to give to the hysterical Virginia Trant, when a second body almost literally falls in her lap. Gardner, at this stage in his writing, seems to be influenced by his BLACK MASK days, when he was writing his Lester Leith and Phantom Crook tales. But watching Perry in action, whether hard-boiled or not, is always fun.

So the question remains: is THE SHOPLIFTER'S SHOE a good book? Yes, but with some reservations. The mystery itself is very good, with a dazzling defense of the defendant. The entire case hinges on which pocket a policeman uses to store the incriminating evidence. This won't ruin anything because we are not actually shown this event when it occurs in the story. Once again, Perry shows the unreliability of circumstantial evidence, which is a Gardner trademark. However, I don't think the characters were as fully developed as in some of the other books. There is really no one to latch on to emotionally. Also, Della Street takes a back seat in this story, which doesn't help either. In fact, Della doesn't really make her mark until the very last page. But I will say that it is worth the wait...To conclude, the plot is very strong in this book, with interesting clues and a strong trial sequence. Though not one of Gardner's main masterpieces, it is still well worth the three hours it would take to read.

One of his better books

By Michael Tavella

I have been reading a lot of fiction lately. I had just finished the first of Richard Phillips Rho series of books and I thought I would read this just as a break. Well, by the second chapter I had discovered the difference between good writing-the Phillips book and great writing. Gardner smoothly moves his characters around and never wastes words. The story is typical Perry Mason-but then that's what i came for.

If you want to read a great example of A Perry Mason Novel, this is one for you.
