Great book to keep in your purse or briefcase for those times when you need a reminder about how life works. Dr. Murphy's book *The Power of the Subconscious Mind* is still his best work though. This book contains many of the same ideas.

USING THE FORCE

By Peter Uys

This book was clearly designed to reveal in a simple, down-to-earth manner and in everyday language how to lead a fuller, richer and more glorious life. The techniques and programs discussed enable one to use the mental and spritual laws based on right thinking. Chapters deal with inter alia, guidance, problem-solving, healing, success, faith, conquering obstacles, overcoming worry and how to be serene in a changing world. Many affirmations and meditations are provided, and there's a helpful summary of the main points at the end of each chapter. Dr Murphy is one of my favourite authors and this book is full of practical wisdom and inspiration. I would also like to recommend his great classic *The Power Of Your Subconscious Mind* to everybody - it is a very powerful work that has improved the lives of so many people.
