Review

Praise for Mark Edwards

'Mark Edwards achieves what other writers yearn for, by creating characters that genuinely feel like real people, individuals you know personally-and then puts them into the scariest of situations...' —Elizabeth Haynes

'Astonishingly good.' —Peter James

'Creating characters you really feel for from the off, it is the incredible amount of dread which drips off the page which raises this book above its counterparts.' —Luca Veste

'Loaded with the same emotional intensity and pervasive unease that made The Magpies such a gripping novel, What You Wish For is a slick and twisting story which tests the line between love and obsession, belief and delusion, against a backdrop of bizarre cults and mysterious deaths. Genuinely unputdownable this is another must read from Mark Edwards.' —Eva Dolan, author of Long Way Home

From the Author

'I want to say a huge thank you to the 200,000+ readers who took a chance on my last book, The Magpies, and made it a No.1 bestseller.

I've had countless messages from readers around the world asking me what happened to Lucy from The Magpies. More will be revealed in Because She Loves Me, which will be published in September.

In the meantime, here's my brand new novel, What You Wish For. I hope you enjoy reading it as much I loved writing it.'

WHAT YOU WISH FOR BY MARK EDWARDS PDF

Marie Walker has vanished from the face of the earth...

Her besotted boyfriend, newspaper photographer Richard Thompson, vows to find her, convinced that Marie's unusual beliefs hold the key.

But a shocking discovery makes him question if he ever really knew his girlfriend. And when people around him start to die, Richard is plunged into terrible danger.

Drawn into the world of a sinister cult and the darkest corners of the Internet, Richard finds himself increasingly out of his depth as he discovers just how far people will go to protect what they believe in...

Another sure-fire hit for Mark Edwards!

By Catzoomi Hudson

I received an advance reading copy of this book from the author in return for an honest review.

Mark Edwards' new book, *What You Wish For*, follows Richard Thompson's seemingly unyielding search for his girlfriend, who appears to have vanished without a trace. The more he delves into her life, the more he realises that he didn't really know her at all.

This book is fast paced, with psychological thrills and action-filled moments throughout. We are introduced to a surreal underworld of 'Alien-porn' and Alien Cults. This story is nothing if not original. To be honest, I was a little put off when I read the first chapter and believed that this was going to be a cheesy story about alien abduction. I couldn't have been more wrong; the first clue being that the main character is a complete sceptic about anything other-worldly. However this doesn't stop him from entering Marie's fanatical world, in the hopes of discovering what happened to her. The culmination of which is a race against time.

What You Wish For follows in the path of Mark Edward's previous books with it's relentless twists and surprises. You can guess what will happen next, but you'll be wrong. The characters seem to come to life and the reader can identify with every single person we are introduced and glean something important from the experience of meeting them within the pages of this book.

The ending is beautiful, yet bittersweet.

Another fantastic offering from Mark Edwards which no self-respecting reader will allow themselves to miss out on!!

A psychological thriller which crosses over into the world of UFOs, cults, and the fantasy dark side

By Judith D. Collins

Mark Edward's What You Wish For is a psychological thriller which crosses over into the world of UFOs, cults, and the fantasy dark side.

Marie Walker has vanished from the face of the earth, she has a need to believe in something. Her boyfriend, lover, and photographer, Richard attempts to find her. In his search, he is drawn into a world of cults and the darker elements of ufology, as he discovers shocking truths. Was she taken or did she go of her own accord?

A story of beliefs, morals, ethics, and codes by which we live our lives. Beliefs in something and the lengths you are willing to go to preserve that belief. A woman who needs nurturing and finds someone as a Savior--and those who are not strong enough to help themselves.

What You Wish For is intense and compelling, as depicts the allure for some and Richard's desperate need to save Marie from its grasp of danger. This book shows how our beliefs can be extremely powerful and the extent people will go to surrender to them. The relationship between Richard and Marie hinged on obsession.

Not my type of book, as a little "out there", and not my normal genre. However, Edwards is a talented writer, and highly recommend his latest book, Because She Loves Me, as more my style! Look forward to reading Magpies.

Good read

By Julie Gift

When I started this book and discovered alien contact was a big part of the story I did not expect to like it as I am not at all a science fiction fan. I was wrong. The belief in alien contact is a big part of the story but more as a backdrop for the events. It is really my favorite kind of story. It is about people, life and love which is complicated and interesting even in everyday life.
